

**REMARKS**

Reconsideration of the present application is respectfully requested in view of the following remarks. Prior to entry of this response, claims 1-5 were pending in the application, of which claim 1 is independent. In the Office Action dated November 4, 2004, the Examiner rejected claims 1-5 under 35 U.S.C. 112, second paragraph, rejected claims 1 and 2 under 35 U.S.C. § 102(e) or § 103(a) in view of U.S. Patent No. 6,505,652 (Matsushima) and rejected claims 3-5 under 35 U.S.C. § 103(a) in view of Matsushima. Following this response, claims 1-5 remain in this application. Applicant hereby addresses the Examiner's objections and rejections in turn.

I. Rejection of Claims 1-5 Under 35 U.S.C. § 112, 2<sup>nd</sup> Paragraph

In the Office Action dated November 4, 2004, the Examiner ejected claims 1-5 as being indefinite under 35 U.S.C. § 112, 2<sup>nd</sup> paragraph. Applicant has amended claim 1 in order to more clearly recite the subject matter of the invention. Specifically and as suggested by the Examiner, Applicant amends claim 1 to add the phrase "wherein all of said foundation warp used for said tape main portion, said warps used for said element-mounting edge portion and said core string comprise a polyester base resin." Applicant notes that the amendment is supported by the specification (e.g., page 11, line 23 and page 12, lines 7 and 15) and adds no new matter. In light of this amendment to claim 1 and as claims 2-5 depend from claim 1, Applicant requests the Examiner withdraw the rejection of claims 1-5 under 35 U.S.C. § 112, 2<sup>nd</sup> paragraph.

II. Rejection of Claims 1 and 2 Under 35 U.S.C. 102(e)/103(a)

In the Office Action, the Examiner further rejected claims 1 and 2 as being either anticipated under 35 U.S.C. § 102(e) by Matsushima or obvious under 35 U.S.C. §

103(a) in view of Matsushima. As noted above, Applicant amended claim 1 as suggested by the Examiner so as to recite “wherein all of said foundation warp used for said tap main portion, said warps used for said element-mounting edge portion and said core string comprise a polyester-based resin.” Indeed, Matsushima fails to disclose, teach or suggest as set forth in amended claim 1 or claim 2 (at least in part due to the dependence of claim 2 upon claim 1). Therefore, Matsushima does not anticipate amended claim 1 nor does Matsushima render amended claim 1 obvious. Accordingly, Applicant respectfully requests the rejection of claims 1 and 2 be withdrawn.

III. Rejection of Claims 3-5 Under 35 U.S.C. 103(a)

In the Office Action, the Examiner also rejected claims 3-5 as being obvious under 35 U.S.C. § 103(a) in view of Matsushima. With the amendments to claim 1, as suggested by the Examiner, and the fact that claims 3-5 depend from amended claim 1, Applicant respectfully requests the rejection of claims 3-5 be withdrawn.

In view of the foregoing amendments and remarks, Applicant respectfully requests reconsideration and reexamination of this application and the timely allowance of the pending claims.
